

SUSTAINABLE, ENERGY-EFFICIENT LIGHTING SOLUTIONS FOR PUBLIC SPACES, ON-GRID OR OFF-GRID

Vision Illumination is committed to helping clients enhance public spaces with sustainable, state-of-the-art lighting solutions. We offer on-grid and off-grid options, featuring advanced LED, solar, and battery technologies designed to reduce energy consumption and maintenance costs.

PRODUCTS

MODERN STREET LIGHTING

Sleek, adaptable designs equipped with the latest LED technology for urban areas, highways, and pathways.

HERITAGE LIGHTING

Classic street light designs that preserve the character of historic areas while providing modern performance.

INNOVATIVE TECHNOLOGY

Harnessing solar, wind, and energy storage for sustainable, off-grid lighting solutions.

CUSTOM SOLUTIONS

Tailored on- and off-grid lighting systems to meet the unique needs of our clients.

SERVICES

CONSULTATION & DESIGN

Customised lighting solutions for streets, parks, and public spaces that align with our customers sustainability goals.

INSTALLATION & MAINTENANCE

Full-service support to ensure reliable, cost-effective lighting throughout its lifespan.

ENERGY TRANSITION SUPPORT

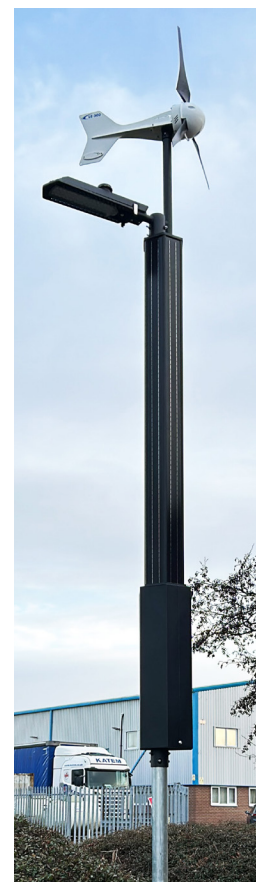

Expertise in moving towards renewable energy solutions, including hybrid systems that combine solar and on-grid technology.

SPECIFICATION AND GUIDANCE

Our expert team provides comprehensive specification and guidance services, helping you choose lighting solutions that perfectly match the unique demands of each environment.

PROVEN RESULTS

At Vision Illumination, exceptional customer service is our priority. We work closely with our clients to deliver tailored lighting solutions that meet unique needs and exceed expectations. From consultation to installation, our team ensures every project runs smoothly, with ongoing support for maintenance and energy transitions. **Click on a logo to learn more about our proven results.**

SCEPTRE x VALIANT I

Harnessing the power of both sun and wind with integrated solar panels and a wind turbine, fueling advanced battery technology to power our Valiant LED luminaire. A sustainable, off-grid lighting solution for brighter, greener public spaces.

WHY CHOOSE VISION ILLUMINATION?

We help clients achieve energy savings, sustainability, and safe, well-lit public spaces with innovative solutions. Our products and services are designed to support your community's goals and make urban environments brighter, greener, and safer.
