

OCTOBER 2024 SPOTLIGHT

THIS MONTH AT VISION ILLUMINATION

AS WE MOVE TOWARD 2025, VISION ILLUMINATION HAS EMBRACED A FRESH NEW LOOK THAT BETTER REFLECTS WHO WE ARE AND WHERE WE'RE HEADED.

After careful thought, we've rebranded with an updated logo and identity that align with our growth, innovation, and ambition. This marks a new chapter in our journey, one focused on sustainable lighting solutions while maintaining our commitment to quality and performance.

Founded in 2009, Vision Illumination has evolved over the past 15 years. With exciting developments ahead, our new brand positions us as leaders in the industry while staying true to our core values. This rebrand is more than just a logo—it's a reflection of our dedication to innovation and a brighter, sustainable future.

VISITING SCEPTRE

As one of our most popular and innovative products, the Sceptre lantern has been installed in diverse locations across the country, including McVitie's factory in London, John F Hunt in Newcastle, and the remote Isle of Mull.

Designed to deliver the best off-grid lighting solutions, the Sceptre offers exceptional performance in various environments. After each installation, we conduct thorough site visits to ensure everything is running smoothly for our clients, allowing the Sceptre to deliver optimal results in even the most challenging conditions.

"As we continue to evolve at Vision Illumination, it's exciting to see the progress we've made recently. From refining our processes to ensuring the highest performance of our products, every step reflects our commitment to excellence. I'm also pleased to welcome new talent to our team, helping us build even stronger relationships with our clients. These developments signal a bright future as we keep pushing forward with innovation and growth."

NEILL RICHARDSON
FOUNDER

NEW TEAM MEMBER

We have recently appointed Adam Wilkinson as Vision Illumination's new Business Development and Marketing Manager. With extensive experience in marketing strategy and business growth, Adam will play a key role in driving partnerships and expanding our presence in the industry. His expertise will help shape the future of our brand as we continue to innovate and deliver cutting-edge lighting solutions. We're thrilled to have Adam on board as we move into this exciting new phase of growth!

IMPROVING WORKFLOWS

We're excited to share that a new crane has been installed in Warehouse 3, thanks to our partners at YAPLEX. This upgrade is a valuable addition to our operations, helping streamline workflows and improve efficiency. At Vision Illumination, we're always looking for ways to enhance our processes, and this new crane is another step forward in supporting our commitment to continuous improvement.
